Chairman Robbins opened the public hearing for site plan approval for Eagle Creek Renewable Energy.

Chairman Robbins: "This public hearing was set at the last meeting. Notice has been posted, published and served on neighbors by Eagle Creek. So you all can remember, this is a site plan approval for repairing- replacing not repairing, but replacing the penstock and the associated work that has to be done with that at the power generating facility on Plank Road, at 31 Plank Road. So with that, I'll open it to the public. Has anyone signed in to speak as a member of the public?"

B. McGinnis: "No one has signed in."

Chairman Robbins: "Even though no one has signed in, is there anyone who chooses to speak on this application? Then I will close the public hearing. The public hearing is now closed. Actually do I, I think I have to make a motion. Do I have to make a motion, Javid?"

J. Afzali: "Yes you do."

K. Barnhart: "I move that the public hearing be closed."

S. Hawvermale: "Second."

Chairman Robbins: "All in favor. Say aye."

Vote: All in Favor

The public hearing was closed at 7:01pm.
