Town Board

The monthly Forestburgh Town Board meetings are usually held the 1st Thursday of every month at 7pm in the Town Hall, located at 332 King Rd., Forestburgh. With the first Thursday in July being a holiday, the regular monthly Town Board meeting is scheduled for **Thursday, July 11, 2019 at 7:00pm** in the Town Hall. For the monthly agenda and meeting minutes, please visit the town website- forestburgh.net.

Planning Board

The Planning Board met for its regular May meeting. Two matters were addressed. The first was an application by the Hartwood Club seeking approval of a small subdivision of a large lot to accommodate an existing residence, which application was advanced for a Public Hearing to be held at the June 27 meeting. The second matter addressed at the May meeting was an update on the Status of the Lost Lake Resort Development. It is for sale, and one prospective buyer has made informal inquiry concerning converting the form of ownership of the single family homes from the conventional to "Time Shares". Without a formal application before it to amend the approvals previously given, the Board took no action except to inform the prospective buyer that "Time Shares" were approved for a small number of condominiums in the original approvals, and that the Board can only act to amend approvals already given when presented with a formal application to do so.

The date of the June meeting has been changed from Tuesday June 25 to Thursday June 27, because the Primary Election occurs on the 25th. The agenda will include a Public Hearing on the Hartwood Subdivision Application, and consideration of the application itself, and (probably) an application to amend previously granted approvals granted to the Lost Lake Resort.

Zoning Re-Write Committee

Zoning Re-Write Committee will meet on **July 9th from 7-9pm** at Town Hall. Co-chairs Katherine Barnhart & Steve Budofsky would like to report that we are continuing our work of overhauling the zoning code and have received a grant to assist with our project. To date, after 2 years of work, we have not spent any town funds as all committee members are volunteers from the Forestburgh community.

Forestburgh Dove

On May 29th the Town of Forestburgh Dove was unveiled at the Veterans Triangle Park. There was a good sized crowd in attendance, despite the unfavorable weather. If you haven't stopped to look at both sides, please take some time to appreciate the hard work that our resident artist, Brenda Sywalski, put in to our beautiful Dove! Brenda was born in, and is a graduate of Monticello. She earned her BFA from Rochester Institute of Technology in Printmaking, with a minor in Graphic Design. Recently, Brenda attended Rhode Island School of Design's Summer Institute of Graphic Design. The Design for our Dove reflects the peace and love of nature surrounding us in beautiful Forestburgh. Several of Brenda's works will be on display at Unison Arts Center in New Paltz, NY in June as part of the R7 NYSATA group exhibit. Thank you, Brenda, for putting your love of Forestburgh into the Town's Dove!

Summer Camp

There is a planned parent meeting on Wednesday, June 26th from 4pm – 7pm at the Forestburgh Town Hall. If you are sending your child(ren) to our camp this season, please plan on attending this informative meeting. Courtney will go over some important safety issues, handout all necessary forms, collect any registration forms and answer camp related questions. Also, Given the recent measles outbreak, Sullivan County Public Health has issued a Public Health Order to help prevent a widespread outbreak in Sullivan County. This order requires ALL children, ages 4-6 attending camp programs to have both doses of their measles shot. It is also required that the vaccination records, showing both doses of the measles vaccination, be provided to the camp **PRIOR** to the child's start at camp. Records of titer results showing immunity can also be presented. Vaccinations are considered a wellness visit and there should be no cost associated with the doctor's visit where the shot is administered other than a possible copay.

Additionally, every day you will be asked as the parent or guardian, how your child is feeling before they are allowed to stay at camp for the day. The questions that are required to be asked are as follows: Have you or your child been exposed to the measles within the last 21 days? Does your child have a fever? Does your child have a cough or sore throat? Does your child have a runny nose? Does your child have inflamed or red eyes? Does your child have white or blue spots on the back of their throat? Does your child have a rash made up of large, flat blotches that often flow into one another? If you notice that your child has one or more of these symptoms before bringing them to camp for the day, please consider not bringing them to camp.

If your child complains of not feeling well, their temperature will be taken, and anything over 101° will require that the child be removed from contact with other children and taken home immediately. While it is understood that these actions may seem unnecessary, we are only following the protocol issued by Public Health and doing what we feel is the best thing to do to ensure your child's safety throughout the summer season. If you have any questions feel free to contact Courtney Wissman, Recreation Director, via email at forestburghrecreation@gmail.com or by phone at 845-796-2399.
